

“Nancy Owens Spirit of Courage Award”

The “Nancy Owens Spirit of Courage Award” recognizes extraordinary courage in the face of adversity resulting from the diagnosis of cancer. The Nancy Owens Memorial Foundation was created in the name and honor of Nancy Owens, who enjoyed a long, successful real estate career spanning several decades. Nancy embodied such a bold spirit as she fought hard and won her battle against breast cancer not once but twice! During her life, Nancy became a role model for so many of her peers. It was Nancy’s dream and wish that if she had survived her third, and final battle with breast cancer, to help in the fight against this terrible disease. Nancy lost her battle with breast cancer in September of 2001. This award reflects the courage of an extraordinary individual in the real estate industry who has fought the battle against cancer and won! Past recipients include Nancy Elizabeth Garfield, Teresa Landa, Andrea Potts Snoddy and Betty Bezemer.
